Dear Hiring Manager

I am writing to express my interest in a tax, assurance and accounting position at your organization. Experience in U.S. and international taxation, attest services, and financial consulting and planning, I bring a comprehensive skill set and a strong command of leading industry software that supports efficient and compliant financial operations across multiple entity types.

I have worked with a broad range of tax software, including Lacerte, Drake, UltraTax, ProSystem fx, CCH, RIA, TaxWise, TaxSlayer, TaxAct, XCM, and CaseWare, allowing me to manage complex tax engagements for corporations, partnerships, individuals, trusts, estates, and non-profits.

Beyond technical compliance, I provide strategic advisory services including bookkeeping, research, planning, projections, and financial forecasting. Delivering client-focused solutions grounded in thorough research and a clear understanding of regulatory frameworks.

I am excited by the opportunity to bring my expertise to a dynamic, client-centered team and would welcome the chance to contribute to your continued success. Thank you for considering my application. I look forward to the opportunity to speak further about how I can support your team's objectives.

Regards
